Type: Visit Conference Telephone: X Incoming Outgoing X Location of Visit/Conference:			
NAME: Gerald Achatz		ORGANIZATION: Achatz Consulting	TELEPHONE NO. (620) 282-9086
SUBJECT: Oil Drilling Operation located within the channel of the Smoky Hill River in Logan County, Kansas			
<p>SUMMARY: In an email dated November 21, 2014 Gerald Achatz requested a jurisdictional determination for the Rose B #2 drill site. Mr. Achatz requested a review area of 100 feet in all directions of the coordinates Lat: 38.80922 Long: - 100.90201. On November 26, 2014 I contacted Mr. Achatz by phone and advised him that the coordinated he provided was located along the edge of the Smoky Hill River. I advised him that the 100 foot radius from the provided coordinate would clearly be within the Smoky Hill River. He was advised that at this time we cannot provide him with a letter that indicates that a Corps permit is not required for this drill site.</p> <p>I advised him that if he wanted to move forward with the permitting process he needed to complete an ENG 4345 application form and submit it to this office with the appropriate drawings and documents.</p>			
ACTION REQUIRED: Email an ENG 4345 application to Mr. Achatz.

Subject: [EXTERNAL] Black Tea Oil Rose B #2
Attachments: img027.pdf

This location will be like the McGuire location we will need one acre 100' in each direction from center of stake. I am requesting a determination on drill location. Also we will use steel pits and reserve pit will be 200' NE of location. After drilling and well completion location will be build up and secure to any problems that may occur

Thanks for your help
Gerald.

 LOGAN COUNTY, KANSAS

* Controlling data is based upon the best maps and photographs available to us and upon a regular section of land containing 640 acres.

* Approximate section lines were determined using the normal standard of care of oilfield surveyors practicing in the state of Kansas. The section corners, which establish the precise section lines, were not necessarily located, and the exact location of the drillsite location in the section is not guaranteed. Therefore, the operator securing this service and accepting this plot and all other parties relying thereon agree to hold Central Kansas Oilfield Services, Inc., its officers and employees harmless from all losses, costs and expenses and said entities released from any liability from incidental or consequential damages.

* Elevations derived from National Geodetic Vertical Datum.
